## Our response so far...

As we have witnessed the events in Ukraine unfold, Vineyard churches have come together to support the existing Vineyard Church in Ukraine during this time of war.

Over the past few months multiple AVCs have met together online to communicate and coordinate a response to get help to where it is most needed right now as well as plan for the future and the rebuilding of Ukraine.

We currently have churches in Kremenchuk, Kyiv, Lviv and a small group in Odesa. All of them are facing various challenges; from rocket attacks, to loss of work, and yet continuing to trust and see that God is at work and is making a way during difficult times.

Lviv has become a hub for many people seeking to relocate to a less dangerous place. The church group there is starting to grow and now has an office space which is functioning as a meeting place, as well as a storage area for humanitarian aid that is being passed on to areas in need.

The Vineyard DACH churches in Germany, Austria and Switzerland are particularly working through the Vineyard Church in Ungheni, Moldova by helping host families, and sharing the good news of the kingdom with them.

Your continued support and prayers are much appreciated! Thank you!

Vineyard Germany, Austria and Switzerland (DACH) in partnership with Logos Global Vision have been bringing aid to Ukraine and supporting refugees via their missions partnerships with Moldova and Romania. They have distributed around 12,000 food boxes and run a welcome centre in Ungheni, Moldova and have distributed 200 large first aid kits to Ukrainian Chaplains, supported Ukrainians in Lviv and Boryslav and in Kyiv. They are now distributing food boxes in Lviv and in Boryslav and have started a larger program for refugees in Ungheni, supporting them for 3 months with food, hygiene products and other living costs.
